Joe David

Do you remembers signing a receipt ~~for~~ to Gordon Novel for the purchase of a Koth Micro-miniature two-hour, wire recorder in a block three-inch width Evans attache case with a custom built magnetic reed switch, on-off, and miniature microphone in the handle of the case.

Novel says that he defies David to produce one document for purchase of any printing with Novel's name onit. Novel says there is nox such document.

In view of the intensity of his earlier commitment to the Soviet Union, a great change must have occurred in Oswald's thinking to induce him to return to the United States, not yet so when he went to Soviet Union - not yet 23 when he returned.

6 to 8 weeks

It turns out what his mission was. He took charge, in a place, of the conversation right from the beginning.

Said, "I am a prisoner."

Soviet authorities finally permitted him to return, sent him to Finnish radio and television factory where he worked as a metal worker. Soviets gave him a passport but arranged that he would be sent approximately the factory where a colonel in the MVD — the secret police — was director of the factory. His wife's uncle was a
